

TechNova Solutions Pvt. Ltd.

Employee Company Handbook — 2025–26

This handbook contains fictional company policies and procedures created for testing an Enterprise RAG application. It does not represent a real company.

1. About TechNova

TechNova Solutions Pvt. Ltd. is a fictional technology company specializing in cloud software, enterprise automation, data platforms, and artificial intelligence. The company operates engineering, sales, finance, human resources, customer support, IT infrastructure, and legal and compliance departments.

The company's mission is to build reliable technology products that help organizations automate business operations and make better decisions using data.

2. Working Hours

- Standard working hours are Monday through Friday, from 9:30 AM to 6:30 PM.
- Employees receive a one-hour lunch break.
- Employees are expected to be available during core collaboration hours from 10:30 AM to 4:30 PM.
- Employees working in customer-facing roles may have schedules adjusted according to customer requirements.
- Overtime work should be approved by the employee's department manager before it is performed.

3. Attendance and Punctuality

- Employees must record attendance using the company's approved attendance system.
- Employees arriving more than 15 minutes after their scheduled start time should notify their manager.
- Repeated unexplained late attendance may result in a performance discussion.
- Employees who cannot attend work due to an emergency should inform their manager as soon as reasonably possible.

4. Leave Policy

Leave Type	Annual Entitlement	Approval
Casual Leave	12 days	Department Manager
Sick Leave	10 days	Department Manager
Earned Leave	18 days	Department Manager
Unpaid Leave	As approved	Manager + HR

Planned leave should normally be requested at least three working days in advance. Emergency or sick leave should be reported as soon as possible.

5. Remote Work Policy

- Eligible employees may work remotely for up to three days per week with manager approval.
- Employees working remotely must remain reachable through approved company communication systems.
- Company data must only be accessed using approved devices, networks, and security controls.

- Employees must maintain a professional and secure workspace when handling confidential information.
- Long-term remote arrangements require HR approval.

6. Information Security

- Employees must use strong passwords and must not share passwords with other employees.
- Multi-factor authentication must be enabled for company accounts that support it.
- Company confidential information must not be copied to personal storage services.
- Employees must immediately report suspected phishing, malware, credential theft, or unauthorized access to the IT Security team.
- Lost or stolen company devices must be reported to IT within 24 hours.
- Employees must lock their workstation whenever they leave it unattended.

7. Acceptable Use of Company IT

- Company computers, accounts, networks, and software are primarily intended for business activities.
- Employees must not install unauthorized software on company-managed devices.
- Employees must not attempt to bypass security controls or access systems without authorization.
- Company systems must not be used for illegal activities or to distribute malicious software.
- The IT department may restrict or remove software that creates security or operational risks.

8. Employee Conduct

- Employees are expected to communicate respectfully with colleagues, customers, vendors, and partners.
- Harassment, discrimination, threats, bullying, and retaliation are prohibited.
- Conflicts of interest must be disclosed to management or HR.
- Employees must protect company property and confidential business information.
- Professional conduct is expected during company meetings, events, customer interactions, and online communication.

9. Expense and Reimbursement

- Business expenses must be reasonable, necessary, and related to approved company activities.
- Employees must submit reimbursement claims within 30 days.
- Receipts or other supporting documents are required for reimbursement.
- Expenses below ■25,000 require department-manager approval.
- Expenses between ■25,000 and ■2,00,000 require department-manager and finance approval.
- Expenses above ■2,00,000 require CFO approval.

10. Performance Reviews

- Employees normally receive a formal performance review twice per year.
- Performance reviews consider job responsibilities, quality of work, teamwork, communication, and achievement of agreed objectives.
- Managers may conduct additional performance discussions when required.
- Employees are encouraged to maintain development goals and discuss career progression with their manager.

11. Recruitment and Onboarding

- New employees must complete required identity, employment, and compliance documentation.
- New employees receive company account credentials and equipment according to their role.
- Security and acceptable-use training must be completed during onboarding.
- Employees are expected to complete mandatory onboarding activities within their first 30 days.

12. Confidentiality

- Employees must protect confidential information belonging to TechNova, its customers, partners, and employees.
- Confidential information may only be shared with authorized people who require it for business purposes.
- Employees must not disclose confidential information after leaving the company.
- Documents containing confidential information must be stored using approved company systems.

13. Employee Data and Privacy

- Employee personal information is handled only for legitimate business, employment, legal, and administrative purposes.
- Access to employee records is restricted to authorized personnel.
- Employees should contact HR if they believe their personal information has been accessed improperly.

14. Disciplinary Process

- Policy violations may result in coaching, written warnings, suspension, or termination depending on the severity and circumstances.
- Serious security violations, fraud, harassment, theft, or intentional unauthorized access may result in immediate investigation and disciplinary action.
- Employees may provide relevant information during an investigation.
- HR is responsible for coordinating formal disciplinary procedures.

15. Employee Support Contacts

Department	Purpose
Human Resources	Leave, employment, workplace concerns
IT Support	Hardware, software, accounts, technical issues
IT Security	Security incidents, phishing, unauthorized access
Finance	Expenses, reimbursements, financial queries
Manager	Work priorities, approvals, performance

16. Suggested RAG Questions
